### INTRODUCTION

1. The Author, holder of the Software copyright, Licensor, and, as such, the issuer of the License and bearer of the worldwide exclusive usage rights, including the rights to reproduce, distribute, and make the Software available to the public in any form, is Jory Anick <jory@joryanick.com> (also "We," or "Us").

## USER RESPONSIBILITIES

2. The Software may be freely distributed, with exceptions noted below, provided the distribution package is not modified in any way.

a. The User may not distribute separate parts of the Software download package (the "Package") without written permission.

b. The Software may not be distributed within any other software Package without written permission from the Licensor. The Software must remain in its original, unmodified distribution Package for download without any barriers or conditions to the User, such as collecting fees for the download or making the download conditional on the User sharing their contact data.

c. The unmodified distribution Package of Obfuscator Executive must be provided alone and unpaired. Any bundling is strictly forbidden. In particular, the use of any install or download software that provides any kind of download bundle is prohibited unless granted by the Licensor in writing.

d. License keys, hacks, cracks, overlays, or key generators may not be included, shared, linked to, or referred to by the User.

e. You may not use, copy, emulate, clone, rent, lease, sell, modify, decompile, disassemble, reverse engineer, or otherwise transfer the licensed Software or any subset of the licensed Software, except as described in this Agreement. Any such unauthorized use shall result in immediate and automatic termination of the License and may result in criminal and/or civil prosecution.

f. Any violation of any of the Terms contained within this End User License Agreement immediately and automatically terminates all permissions to use the Software.

## LICENSES AND FEES

3. The Software is distributed as a free try before you buy (the "Trial"). During the Trial period, the Software will have certain features limited, and the User will be regularly presented with a screen that kindly asks for the Software to be licensed. Purchasing a license key (the "License") unlocks all features and allows use of the Software without these Trial limitations. Jory has been disabled as of 2016 and is very appreciative of your License purchases. These funds go directly to his recovery.

4. There are two (2) basic types of paid Licenses issued for the Software:

a. Independent Developers and Home Users. The User purchases one License to use the Software on all computers that are their property.

b. Enterprise Users. The User purchases Licenses for use by the User or the User's employees or contractors working directly for the User. The number of Licenses purchased shall equal the number of computers using the Software. In a network environment, the User must purchase a License for each separate computer on which the Software is installed, used, or accessed. A separate License for each computer is required regardless of whether the computers will use the Software simultaneously or at different times. If, for example, you wish to have nine different computers in your network with access to the Software, you must purchase nine Licenses.

5. A User who purchases a License is granted non-exclusive rights to use the Software on as many computers as defined by the Terms in this Licenses and Fees section, according to the number of Licenses purchased, for any legal purpose.

6. There are no additional costs (the "Fees"), apart from the cost of the License, for unlimited use of the Software as defined herein associated with the obfuscation of binary files. Licensees may use the Software to produce an unlimited number of obfuscated binaries and to distribute those binaries free of any additional royalties.

7. The licensed Software may not be rented or leased but may be permanently transferred in its entirety, provided the recipient agrees to the Terms of this End User License Agreement.
